### PREFACE

This historical record is brought about through the suggestion of Dr. Alex Johnston, the late Executive Director of the Lethbridge Historical Society. Alex had located a history of the 39th Field Battery CFA written after World War I by F.G. Holyoak. Alex received some enquiries about the 39th Field Battery of N.P.A.M. (Non Permanent Active Militia) days before World War II and asked me to prepare a written record of the 39th Battery in WWII.

The 39th Field Battery appears to have become a N.P.A.M. Reserve Unit in 1938 and continued as such until some time in the 60's. The main part of this document shows the activities of the personnel who have served both in the reserve and active units.

### ACKNOWLEDGEMENTS

### Early Guns & Gunners

The first use of Artillery in Canada was recorded by Jacques Cartier. The incident took place in the hot summer of 1534 at what is now Port Daniel, on the north shore of the bay to which the explorers gave the name "Chaleur".

Twelve cannons were shot off into the woods at that time and when Cartier returned to Canada in 1541 he constructed a fort, which he named Charlesbourg - Royal, and to it he brought ashore a cannon from three of his ships. So began the placement of Artillery in Canada.

How long had cannons, which Cartier introduced into the military history of Canada, been in use in Europe? Guns are said to have been at the siege of Toulouse in 1218, and at the fortress of Seville in 1247.

England formed a Royal Regiment of Artillery on May 26, 1716 and Canada did this 155 years later. Between these dates Artillery was present in many of the battles that took place in Canada.

Today "A" and "B" Batteries of the 1st Regiment, Royal Canadian Horse Artillery, the senior artillery unit in Canada's regular army, are direct descendents of the two batteries formed in 1871.

Shuffling of Army units in 1905 saw two new field Batteries come into operation - the 25th at Lethbridge and the 26th at Regina. This came as a result of a 27 year old ex-calvary man, John Smith Stewart (later Brig.Gen. J.S. Stewart) who served in the South African War in the Lord Strathcona Horse, being named to pioneer Artillery west of Winnipeg. Brig.Gen. Stewart commanded 4th Brigade RCA in World War I and later the 7th Brigade.

The 25th Field Battery from Lethbridge served in World War I with 6th Brigade Canadian Field Artillery and the 39th Battery, also in WWI, was with the 9th Brigade Canadian Field Artillery.

39th Field Battery C.F.A. was recruited in Lethbridge, Alberta from the City and surrounding district on the 11th of October 1915. The enlistments on the first day brought the Battery up to establishment. The Battery trained at the Exhibition Grounds in Lethbridge and left the City on the 21st of February 1916 and arrived at St. John, New Brunswick on the 26th of February.

The Battery proceeded overseas on the SS Missanable on March 2nd, 1916. On arrival at

Bramshott, England they joined the 38th Battery of Winnipeg, Manitoba, the 40th of Hamilton, Ontario and the 35th Howitzer of Montreal, Quebec to form the 10th Artillery Brigade.

The Battery saw action in France, beginning July 13, 1916 serving at Ypres, The Somme, Vimy, Hill 70, Loos, Paschendale, to name a few locations of battle.

The Battery was in action till the end of the war-November 11th, 1918 and in March of 1919 they returned to Canada. They had suffered many casualties and as a unit, only 28 men under command of Lieut. F.S. Filmer marched to Lethbridge City Hall on March 13th, 1919. The Battery was demobilized at that time.

The Battery left one of their guns behind at Monsit being one of the last to fire the last shots in WWI. An 18 pounder (No.3106, Carriage (42073) was placed on permanent display at the Mons War Museum.

A certified copy of the Act of Transfer and Records was sent to Brig. Gen. J.S. Stewart at Lethbridge by George Licope, Curator of the Mons War Museum in March 1962.

### 39th Field Battery 1938

The 39th Field Battery RCA (NPAM) was located in Lethbridge as of September 1st, 1938.

Capt. E.R. Clemis became the first Commanding Officer and other Officers on the first parade were Lieut. I.H. Gullion, Lieut. G. Homer Thompson, and Lieut. Claude Parsons. The Battery Sgt. Major was Harold Holberton.

Lieuts. I.H. Gullion, C. Parsons and WOII Holberton H. joined the 20th Field Battery, RCA, another Lethbridge unit, which had received mobilization orders on the outbreak of World War II in September 1939.

Capt. Clemis left for training at Kingston in February 1940 and Capt. C.G. Davidson assumed command until the Battery was mobilized in September 1941. Capt. Davidson had served in WWI with the 39th Battery and in October 1941 was promoted to Major and Recruiting Officer of MD13.

Lieut. I.H. Gullion later joined the 39th Battery at New Westminster and became Quartermaster Captain of the 21st Field Regiment RCA. Lieut. G. Homer Thompson joined the RCAF and was killed in action overseas.

1

Others who qualified as officers in the 39th Battery (NPAM) included L.H. Blackbourne, E.R. Borgal, R.M. Glover, H.S. Baker and L.S. Turcotte. Borgal and Baker later served in the R.C.A.F. and Glover joined the Paymasters Corps. Mr. Baker had also been Acting O.C. of the 39th Battery from April 1940 to January 1941.

WOII Harold Holberton served with the 20th Anti Tank (the later designation of the 20th Field) and saw action in Western Europe. He was awarded the Military Cross.<sup>2</sup>

Henry Viney who had served in the 20th RCA Battery NPAM for 10 years, became BSM (W.O.II) when BSM Holberton enlisted and he was later commissioned and proceeded to the training center at Gordon Head, B.C.

The 39th Field RCA (NPAM) was mobilized as the 39th Field Battery RCA (A) Serial 812 D, under General Orders 63/42 (effective 29 July 1941), to serve with the 21st Field Regiment RCA, 6th Division Home Defence. The 19th and 20th Field Regiments were also mobilized at that time to complete the Divisional Field Artillery.

Major W.R.R. Bradley came from Coastal Artillery to take command of the 39th Field Battery RCA (A). Capt. W.S. Wallace became Battery Capt.

The first six enlistments on that opening day of recruitment were:

M66601 Middleton E.H., M66602 Chapman J., M66603 Wray M.N., M66604 Romeril C.G., M66605 Allan D., M66606 Duffy E.J.

45 Gunners went to Camrose CA (B) TC 13 in early October for basic training. They earned a distinguishable record - capturing five of the six trophies up for competition in the training center. The officer commanding stated that this was the best platoon that had ever gone through his training center.

Meanwhile 23 NCO's proceeded to Lac Megantic, Quebec for specialized training, and they too left an enviable record there.

Lieuts E.A. Lawrence and L.S. Hand had already been on active service since May, 1941 and returned to Lethbridge in October 1941 to join the 39th Battery. Mr. Lawrence had been commissioned in the 112 Battery in 1940. Other early Officers - Lieut. V.K. Croxford, from Rainey River, Ontario, and on active service since February 1941, joined the Battery in November, 1941.

Lieuts A.J. Cullen, W.F. Tuff and J.W. Warr had been commissioned in the NPAM January 1941 and joined the Battery on mobilization in September, 1941. Mr. Tuff had joined the 112th Field Battery as a Gnr.in 1938.

Lieut.R.B. Carruthers of Calgary, served with the 91st Field Battery (R), and was commissioned in November 1940 and joined the 39th Battery in November 1941. Lieut. W.R. Forrest of Edmonton joined the Battery also in November. He had been commissioned in August, 1941.

The 45 Gunners at Camrose proceeded to A4RCATC, Brandon for advance Artillery training and the NCO's came from Lac Megantic to Fort Garry, Winnipeg, for specialized training.

Training for these two groups was interrupted by the declaration of War by the U.S.A. and Canada on Japan, after Pearl Harbor, and the men were then posted to New Westminster, B.C., to become part of a defence against possible attack from the Japanese. (and possibly to serve in the Hong Kong Forces).

Part II Order No. 1 dated December 19, 1941 of the 21st Field Regiment RCA (A) included the authority for the formation of the Regiment, which reads as follows:

The last entry in the WAR DIARY dated the 4th of October 1943 the Regiment was disbanded under General Order 149/44 effective 11 October 1943. All Personnel were SOS to No. 1 C.A.R.U. and personnel joined the reinforcement pool and represented the 39th Battery well on all battle fronts.

Field Marshall B.L. Montgomery a non-gunner, made the following tribute to the artillery generally. A tribute in which Canadian gunners may justly claim a share. This memo was dated 27 June 1945.

"I would like to pay a compliment to the gunners, and I would like this to be passed on to every gunner.

The gunners have risen to great heights in this war; they have been well commanded and well handled. In my experience the artillery has never been so efficient as it is today; it is at the top of its form. For all this I offer you my warmest congratulations.

The contribution of the artillery to final victory in the German war has been immense. This will always be so; the harder the fighting and the longer the war, the more the infantry, and in fact all the arms, lean on the gunners. The proper use of the artillery is a great battlewinning factor.

I think all the other arms have done very well too. But the artillery has been terrific and I want to give due weight to its contribution to victory in this campaign." 4

R.C.A. fatal casualties in all theatres in WWII were 177 officers and 1896 other ranks.

M143 MUIRHEAD, C.W. A/Sgt. was awarded the M.M. while in action. His citation reads:

"During vicious and concentrated Enemy attack south of Calcar, he showed absolute determination and complete disregard for his own safety. He remained at his post refusing to take cover or to rest, and throughout the night and the next day he continued to maintain the all-important communications. His setting up and maintaining of the wireless ground station enabled the attack to be directed and controlled and materially assisted the operation of an entire brigade".

NAYLOR, G.H.V. Major, became a Member of the Order of the British Empire.<sup>10</sup>

K46971 OGILVY, R.R. L/Sgt. one of the early members of the Home Defence Troops to become Active with the 39th Battery, was commissioned overseas.

H204441 RAWLUK, D.B. Gnr., another Home Defence, who became active with the 39th Battery, was killed in action.

M37134 RICHARDSON, D. Sgt. became a Lieutenant and was attached as a reinforcement to Canadian Infantry. He was killed in action.

K15791 TEES, P.J. L/Bdr. served with the Canadians in the Korean War as a Captain and earned a D.F.C. His citation reads:

"At first light an Air O.P. from No. 1903 Independent Air O.P. Flight, R.A.F., piloted by Capt. P.J. Tees, the Canadian officer then serving with the unit, went up to engage opportunity targets. He enjoyed excellent shooting until the Chinese thwarted observation with a dense smoke screen. His gallant contribution on this and other occasions during his time with the Commonwealth Division, was to bring Tees the award of the Distinguished Flying Cross". 11

He is the only Canadian Artillery Officer listed as receiving a D.F.C. in the Korean War.

### Early Guns & Gunners

The first use of Artillery in Canada was recorded by Jacques Cartier. The incident took place in the hot summer of 1534 at what is now Port Daniel, on the north shore of the bay to which the explorers gave the name "Chaleur".

Twelve cannons were shot off into the woods at that time and when Cartier returned to Canada in 1541 he constructed a fort, which he named Charlesbourg - Royal, and to it he brought ashore a cannon from three of his ships. So began the placement of Artillery in Canada.

How long had cannons, which Cartier introduced into the military history of Canada, been in use in Europe? Guns are said to have been at the siege of Toulouse in 1218, and at the fortress of Seville in 1247.

England formed a Royal Regiment of Artillery on May 26, 1716 and Canada did this 155 years later. Between these dates Artillery was present in many of the battles that took place in Canada.

Today "A" and "B" Batteries of the 1st Regiment, Royal Canadian Horse Artillery, the senior artillery unit in Canada's regular army, are direct descendents of the two batteries formed in 1871.

Shuffling of Army units in 1905 saw two new field Batteries come into operation - the 25th at Lethbridge and the 26th at Regina. This came as a result of a 27 year old ex-calvary man, John Smith Stewart (later Brig.Gen. J.S. Stewart) who served in the South African War in the Lord Strathcona Horse, being named to pioneer Artillery west of Winnipeg. Brig.Gen. Stewart commanded 4th Brigade RCA in World War I and later the 7th Brigade.

The 25th Field Battery from Lethbridge served in World War I with 6th Brigade Canadian Field Artillery and the 39th Battery, also in WWI, was with the 9th Brigade Canadian Field Artillery.

39th Field Battery C.F.A. was recruited in Lethbridge, Alberta from the City and surrounding district on the 11th of October 1915. The enlistments on the first day brought the Battery up to establishment. The Battery trained at the Exhibition Grounds in Lethbridge and left the City on the 21st of February 1916 and arrived at St. John, New Brunswick on the 26th of February.

The Battery proceeded overseas on the SS Missanable on March 2nd, 1916. On arrival at

Bramshott, England they joined the 38th Battery of Winnipeg, Manitoba, the 40th of Hamilton, Ontario and the 35th Howitzer of Montreal, Quebec to form the 10th Artillery Brigade.

The Battery saw action in France, beginning July 13, 1916 serving at Ypres, The Somme, Vimy, Hill 70, Loos, Paschendale, to name a few locations of battle.

The Battery was in action till the end of the war-November 11th, 1918 and in March of 1919 they returned to Canada. They had suffered many casualties and as a unit, only 28 men under command of Lieut. F.S. Filmer marched to Lethbridge City Hall on March 13th, 1919. The Battery was demobilized at that time.

The Battery left one of their guns behind at Monsit being one of the last to fire the last shots in WWI. An 18 pounder (No.3106, Carriage (42073) was placed on permanent display at the Mons War Museum.

A certified copy of the Act of Transfer and Records was sent to Brig. Gen. J.S. Stewart at Lethbridge by George Licope, Curator of the Mons War Museum in March 1962.

### 39th Field Battery 1938

The 39th Field Battery RCA (NPAM) was located in Lethbridge as of September 1st, 1938.

Capt. E.R. Clemis became the first Commanding Officer and other Officers on the first parade were Lieut. I.H. Gullion, Lieut. G. Homer Thompson, and Lieut. Claude Parsons. The Battery Sgt. Major was Harold Holberton.

Lieuts. I.H. Gullion, C. Parsons and WOII Holberton H. joined the 20th Field Battery, RCA, another Lethbridge unit, which had received mobilization orders on the outbreak of World War II in September 1939.

Capt. Clemis left for training at Kingston in February 1940 and Capt. C.G. Davidson assumed command until the Battery was mobilized in September 1941. Capt. Davidson had served in WWI with the 39th Battery and in October 1941 was promoted to Major and Recruiting Officer of MD13.

Lieut. I.H. Gullion later joined the 39th Battery at New Westminster and became Quartermaster Captain of the 21st Field Regiment RCA. Lieut. G. Homer Thompson joined the RCAF and was killed in action overseas.
